Wine Men of Gotham Shiraz Grenache 2014

The Reviews

“Wineries to Watch”

Wine Spectator, July 31, 2011

This Shiraz Grenache is an aromatic medium bodied wine combining fresh blackberry flavours with gentle floral aromas, cinnamon, confectionary, and notes of strawberry. The finish is smooth, with subtle vanilla, cedar oak and spice adding a savoury quality. This is an elegant wine that will complement a vast array of foods.

Landlust Organic Riesling 2016

The Landlust Organic Riesling was born in the warm slate-covered hillside vineyards in the world famous Mosel River valley. Ideal growing conditions and precise winemaking entice notes of honeysuckle, blossom, citrus and white peach on the nose. On the palate, lively notes of Asian pear, red apple and peach are balanced with lemon and lime notes and are framed by an intense & refreshing minerality leading to a long, harmonious finish. Landlust is an enchanting wine to be enjoyed on its own, or with family and friends.

Robert M. Parker, Jr., eRobertParker.com #226,
Aug 2016

"Another terrific value is the 2015 Tarima (Nonorganic) from Alicante and another 100% Mourvèdre cuvée, aged six months in French oak. This wine has terrific aromatics, broad, expansive flavors, about 15% natural alcohol and an expansive, heady mouthfeel. This is rich, dense and Provençal in its flavor components. Totally aged in used oak and stainless steel, the wine is a real sleeper and big-time winner in the values sweepstakes. Drink it over the next several years.

This is one of the top value wineries in all of Spain, working from generic appellations such as La Mancha to Jumilla and Alicante. They produce an amazing amount of inexpensive, high-quality wine that sells for a song."

Bodegas Olivares Altos de la Hoya 2014

The Reviews

89 Points

Luis Gutierrez, eRobertParker.com #225, June 2016

"The 2014 Monastrell Altos de la Hoya is produced from the fruit of dry-farmed, ungrafted, old Monastrell vines and some 5% Garnacha. It fermented with indigenous yeasts in 10,000-liter stainless steel tanks and matured for six to eight months in used barriques and larger oak vats. The nose is clean and textbook Mediterranean with aromas of esparto grass, tree bark, blackberries and thyme, with perfectly integrated oak. The palate feels compact and balanced, with fine tannins and good acidity. I think this shows very well for such a challenging vintage in Jumilla."

Garcia Carrion Pata Negra Organic Cava

Aged in the winery's cellar in total darkness and silence for a minimum of 12 months. The vineyards are located on top of a hill that slopes gently toward the Mediterranean Sea in Vilanova i La Geltrú (Barcelona). Its origins date back to 1647, with a walled estate from the seventeenth century that served to protect an old fort that, legend has it, contained a passage that connected it to the town.

Golden straw yellow in color, with intense small bubbles, vertical and regular-releasing forming a crown. Good aromatic intensity that is fresh, retaining fruity characteristic of the varieties. Good structure on the palate, full bodied, broad, lively and silky. This is one delicious Organic Cava!

Grandes Vinos y Vinedos Monasterio de las Viñas Gran Reserva 2005

The Reviews

91 Points

Wine Advocate #195, 1st May 2011

The 2005 Gran Reserva is made up of 60% Garnacha, 30% Tempranillo, and 10% Carinena aged in barrel for 24 months and kept in bottle for 36 months prior to release. A glass-coating opaque purple color, it has greater density and grip than the Reserva cuvee as well as layers of ripe, sweet fruit. 92 Points

Wine Advocate - Robert M. Parker, Jr.

Issue Date: 30th Aug 2016

"The 2014 Volver Single Vineyard comes from a parcel of vines planted in 1957 called Finca Los Juncas. It is 100% Tempranillo aged 15 months in French oak and bottled unfiltered. It is a relatively small cuvée of 3,000 cases, but it's a stunning wine, with notes of unsmoked cigar tobacco, licorice and blackcurrants. This opaque purple-colored wine has a full-body, showing toasty notes intermixed with blackberry and cassis. It's a beauty – an internationally styled, modern version of Tempranillo to drink over the next 5-6 years."

The World's Best Standard Lager 2011 World Beer Awards

Egils Gull offers you the classic crisp lager experience: Golden colour, small white head, light toasted malt nose, grainy aroma and fresh lemony hops in the mouth. No wonder Gull has received a number of prizes, including the "World's Best Standard Lager" at the World Beer Awards 2011.

Gull is one of Iceland's best known brands and has been enjoyed by Icelanders since March 1989, when the 70 year beer prohibition in Iceland was lifted. It is brewed in accordance with the Munchener helles method from locally grown barley and the pure Icelandic water. Gull is our pride. The racehorse we entrust to lead the way for our ambitious line of beers.

"Garún is named for the strong and brave heroine of one of Iceland's most popular folktales "The deacon of Dark River (Myrká)." A tale of ghosts, undying love, and life triumphing over death told against the backdrop of elements essential to Iceland's character: ice, snow, and flooding waters whirling dark and mysterious. The same elements that inspire this rich, intense, bold and swirlingly varied Icelandic stout. Garún is a dark aura of intense richness and haunting aroma with notes of chocolate, licorice and coffee. Skál!"

Bumbu Rum Co.

Bumbu

Bumbu is made at a historic Barbadian distillery founded in 1893 and has continuously operated for more than 120 years. The rum is distilled using two continuous stills and aged up to 15 years in grade-A, once-used Kentucky bourbon barrels. The yeast used during fermentation is a distillery secret that dates back as far as 1840, when some of our original iron pot stills were cast. At Bumbu Rum Company, we handcraft our rums from a blend of sugarcane selected from eight countries throughout the West Indies and South America to bring exceptional balance and smoothness, without sacrificing richness and complexity that makes our Barbados distillery's rum the world's best – although we're a little biased!

Le Verre de Vin

Tower | Portable Tower | Compact | Pod Bar

The #1 Selling Commercial Preservation System in the World

Wine begins to oxidise as soon as the cork is removed.

By removing the oxygen to a precisely controlled level Le Verre de Vin technology effectively preserves wine without any risk to it's subtle structure.

Still wines preservation takes just 2 to 5 seconds (depending upon the amount of wine remaining) during which time a precisely controlled vacuum is created within the bottle. Precise control of the vacuum level is essential to ensure that the maximum period of preservation is achieved without any damage to the subtle structure of the wine. If insufficient air is removed from the bottle the wine will continue to oxidise, by removing just too much air the negative pressure will draw the delicate esters and phenols from the wine, detrimentally affecting the bouquet and 'deadening' the taste.
